

## Loon Lake Land Conservancy

PO Box 153  
Loon Lake, WA 99148  
LoonLakeLandConservancy.org

June 2022

**Mission** - *We love Loon Lake and want to keep it healthy and enjoyable for ourselves, our children, grandchildren, and future generations. You help in this mission by volunteering with the Conservancy and/or being a donor. The Conservancy is an all-volunteer, non-profit 501c3 organization and totally dependent on your support.*

**Key Fact** - Loon Lake is an 1,100-acre lake with only a 7,000-acre watershed...the smallest of a lake this size in the state of Washington. Whatever we do on our shorelines, properties, and our surrounding forests, fields, and meadows impacts our lake. So... since 2002 the Loon Lake Land Conservancy has worked to acquire, protect, and preserve the handful of remaining wetland and uplands impacting our lake most directly.

**Recent Work** - We now have 9 properties on or near our lake preserved to protect Loon, 4 of these acquired in the past 5 years in the ShoreAcres/Anderson Meadow area on the southwest corner of the lake. There are 3 more properties in that same wetland area that need protection into the future as well as wetlands and connected uplands in the northwest area of the lake (McVay Meadow), the northeast area of the lake (Carlson Bay), the Meyers Farm ephemeral streams that drain into the lake (along the east/395 side of the lake) and above the southwest corner of the lake and the railroad tracks (near Cedar Beau Bay).

**Summer is here!** A time for fishing, swimming, skiing, boarding, sailing, pleasurable rides around the lake, fun with family and friends. *Enjoy our gorgeous and bountiful lake's charms! But before you forget...send a donation to the LLLC or make a commitment to help on a volunteer project in the coming months.* Then you will feel great about doing your part for this gift of a lake while you are enjoying it once again this summer.

See the back side of this letter to do your part...

### **MORGAN WOOD**

near  
North Shore & Morgan Park

### **LOON LAKE CENTENNIAL PARK**

near  
the old town

### **BILL & JAN SHAWL WETLAND**

near  
ShoreAcres
