

LOON LAKE LAND CONSERVANCY

# Summer's Eve at the Lake 2026

- Our hearts are with everyone impacted by the wildfires across the Stevens and Spokane County communities. We know many of our supporters, donors, volunteers, and sponsors may still be dealing with evacuations, damage or loss, and uncertainty about the future. Please know that you are in our thoughts and prayers.
- With great sadness, the Loon Lake Land Conservancy Board of Directors and the Summer's Eve Planning Committee have decided to cancel Summer's Eve at the Lake 2026** due to the extreme conditions, the impact on those displaced, air quality concerns, and the uncertainty surrounding the weeks ahead.
- We worked closely with our trusted vendors to minimize the financial impact of the cancellation on the Conservancy. Our dining partner, **SmokeRidge BBQ**, a locally owned family business, has generously agreed to donate the food prepared for our event to Spokane-area fire rescue teams and other first responders.
- We look forward to gathering with you next year to celebrate all that your generosity and support have made possible. **We could not continue our work to protect the lake we all love without you.**
- This is a time for our community to come together and support those affected by the wildfires in any way we can. Please continue to keep everyone who has been displaced, lost their homes, or is facing uncertainty in your thoughts and prayers.
- Thank you for your continued support of the Loon Lake Land Conservancy and for your understanding.**
